**5. Opportunity to Close Out a Permit**

Permittees have the opportunity to close out a permit and not pay the fee. To be eligible to close out a permit, you must return the enclosed billing form with the appropriate box checked. You will then be contacted by the Division to arrange for an onsite inspection. The area must be fully reclaimed and in a stable condition to be eligible for closing out a permit. If the area is suitably reclaimed, then NO FEE WILL BE DUE. If the area is not yet suitably reclaimed, then a new billing notice will be issued and the permittee will be given 30 days from the date of the on site inspection to pay the fee.

**6. Delinquent Fees**

All permit fees which remain uncollected 30 days after the due date will be turned over to the Utah Office of Debt Collection (ODC). The ODC has contracted with three private sector collectors to provide collection services for the state. The following rates and costs apply for delinquent amounts on accounts referred to the ODC for collection:

Penalty - 8% of the outstanding receivable  
Interest - 8% per annum on the unpaid balance  
Collection fee - 12.75%

**7. Change of Address**

Please note any address changes on the return form.

## Minerals Regulatory Program Utah Division of Oil, Gas and Mining

### Instructions for Payment of Fees

June 26, 1998

#### 1. Collection of Permit Fees

The Utah Legislature authorized the collection of permit fees in the Minerals Program to begin July 1, 1998. The purpose of fee collection is to provide funding for additional program assistance in processing and maintaining mining and exploration permit applications and inspection of those sites.

Some companies may be receiving more than one billing form. It is important to return each one of those forms.

#### 2. Fees Are Assessed as Follows:

<u>Notices of Intent</u>	<u>Annual Fee</u>
Exploration Operations	\$100.00
Small Mining Operations (less than 5 disturbed acres)	\$100.00
Large Mining Operations (less than 50 acres*)	\$350.00
Large Mining Operations (greater than 50 acres*)	\$750.00

(\*For Large Mining Operations, the fees are based on the disturbed acreage permitted/bonded.)

#### 3. Fees Due Date

Fees are due by July 31, 1998, for all permitted operations or applications presently under Division review. Fees will also be due upon submission of a new permit application or a permit amendment/revision which increases the acreage to a new fee category.

#### 4. Failure to Pay

Failure to pay the permit fee will result in cancellation of a permit to mine or explore. New permit applications will not be processed if the fee is not enclosed with the application.
